

BUILD THE  
FUTURE.  
BUILD  
INTELLIGENTLY.  
BUILD WITH  
AMLOPA.

AI, software and automation for ambitious businesses.

01 — WHAT WE BUILD

# WE BUILD INTELLIGENCE INTO PRODUCTS.

Software, AI and automation for real work.

01 ↗

## AI & Machine Learning

Useful intelligence, integrated into the work.

02 ↗

## Custom Software

Purpose-built tools shaped around your needs.

03 ↗

## Web Applications

Fast, considered experiences for every screen.

04 ↗

## Mobile Applications

Helpful experiences, close at hand.

05 ↗

## Business Automation

Less repetition. More room for meaningful work.

06 ↗

## Digital Platforms

Scalable foundations for what comes next.

02 — AI & AUTOMATION

# INTELLIGENCE, ENGINEERED.

DATA → INTELLIGENCE → ACTION

01 / RESPOND

## AI assistants

Trusted answers, closer to the people who need them.

02 /  
UNDERSTAND

## Document processing

Extract key details and flag uncertain information for review.

03 / INTERPRET

## Business analytics

Turn operating signals into a clearer view of what matters.

04 / AUTOMATE

## Connected workflows

Move routine steps between systems, with people in control.

● HUMAN REVIEW AT THE RIGHT MOMENT

03 — DIGITAL PRODUCT UNIVERSE

# OUR PRODUCTS.

Education, on-demand delivery, AI-assisted healthcare and mental wellbeing.

S01 / EDUCATION

## SIMATS

A connected digital campus for smarter academic management.

Django

PostgreSQL

Q02 / COMMERCE

## QUICK COMMERCE

Local stores, easy ordering and delivery to your doorstep.

Android

Razorpay

K03 / AI HEALTHCARE

## AI KIDNEY STONE

Computer vision for AI-assisted medical image screening support.

TensorFlow

OpenCV

S04 / WELLBEING

## SOLACE

An AI wellness companion for reflection and everyday support.

RAG / AI

Django

04 — THE JOURNEY

# FROM FIRST SPARK TO LASTING SCALE.

---

01    **Idea**                      Find the opportunity worth pursuing.

---

02    **Design**                      Shape the experience and architecture.

---

03    **Engineering**                      Build a strong, scalable foundation.

---

04    **AI**                      Bring intelligence to useful moments.

---

05    **Automation**                      Connect the work across systems.

---

06    **Launch**                      Put the product into people’s hands.

---

07    **Scale**                      Learn, improve and grow with purpose.

---

05 — WHY AMLOPA

**Business First**

Technology designed around real business problems.

**Modern Engineering**

Scalable, secure and maintainable foundations.

**AI Ready**

AI and automation where they create real value.

**Long-Term Support**

A steady partner for launch and beyond.

**BUILD WHAT'S  
NEXT.**

Turn your idea into intelligent technology.
